Ethics of CodeCrux Team

5+ Years

25+ Engg.

Beauty
Everything we do has to be beautiful, easy to use and efficient. Aesthetic and practical design is the core of our work

Scalability
Every piece of code we write has to be tough, bug free, optimised and scalable

Agility
Everything we craft is done iteratively using Agile Software Development Methodologies such as SCRUM and Extreme Programming.

Innovation
We believe in questioning the status quo. We believe in pushing the limits. We believe in changing the world through technology and design

Jessica Fetcher

President/CEO at 1Dossier

CodeCrux did a great job on our project. They are one among those companies who believe to be customer focussed.

Yaron Oren

Founder and CEO at Maverick.ai

CodeCrux has built a complex system for us and throughout the process has remained very communicative, high agile, and quick to respond to our doubts and queries.
